High-tech & IT / High-tech ir informacinės technologijos

NO	Industry categories	Company Name	Introduction	Contact
1	Electrocommunication	Shanghai Sunrise Simcom Limited	<p>Shanghai Sunrise Simcom Limited was established in 1993, which is the leading mobile communications and wireless solutions enterprise.</p> <p>Shanghai sunrise simcom Limited who have mastered the core technology of wireless communications and mobile handset development. These mobile handset solutions are used by both leading domestic mobile handset and well-known multinational handset manufacturers. We are able to design and develop multi-platform mobile communications terminal solutions ranging from 2.5G, 3G to 3.5G .giving it leadership in the area in the domestic market.</p> <p><i>We can supply stand-alone intelligent equipments, production line transformation and integration.</i></p>	<p>Address: Room B613 , NO.528 Nianjiabang Road, Shanghai</p> <p>Tel: +86-21-38230386 Fax: +86-21-38230386</p> <p>Email: 13524403578@163.com</p>
2	Electrocommunication	Shanghai Mobiletek Communication Ltd	<p>The company was founded in 2009 and is one of the leaders in Internet of Things (IoT). We offer wireless technology and solutions, including 2G/3G/4G wireless modules , GPS/GNSS modules, NB-IoT modules, and wireless applications which are consistently integrated with our latest wireless technology for global customers.</p> <p>Mobiletek maintains its successful strategy of enabling our customers with intelligent wireless technology and is a one-stop-shop, with testing, manufacturing and warehouse solutions including logistics and packaging, etc., so our customers can keep moving forward and accept the new challenges. Mobiletek's Headquarter is located in Shanghai and Mobiletek operates Chengdu R&D Center and Shenzhen manufacturing site for the company to provide excellent service, with help from our worldwide branches, partners and distributors, we are able to provide IoT solutions and services to customers worldwide.</p>	<p>Address: 11F, NO.107, Yangdang Road, Shanghai</p> <p>Tel: +86-13601649005</p> <p>Fax: +86-021-53869990</p> <p>Email: mingtongltd@126.com</p>
3	Electrocommunication	Shanghai Renle Science & Technology Co., Ltd	<p>The company covers a total area of 100,000 square meters, including 85,000 square meters of workshops. We are a designer and product provider of energy saving system for smart electric industry, as well as an integrator of solutions for control system. Renle's products include LV/MV/HV motor soft starter, LV/MV/HV frequency inverter (VFD or AC drive), smart electric equipment, new energy electric equipment and complete sets of LV/HV power transmission and distribution equipment etc. The products are widely used in different kinds of industries and fields, such as textile, papermaking, machine tools, packing, food and lifting etc. They are perfectly used for crusher, compressor, winch, drawbench, transfer cart, feeder, mixer, spinning machine, cigarette making machine, injection molding machine, submersible pumps and other mechanical equipment. Renle's products are well exported to many countries and areas in the world. Renle's products have been used as parts of complete national key projects, such as Expo 2010 Shanghai China, 2008 Beijing Olympic Games, Yangshan Deepwater Port Project of Shanghai International Shipping Center, Shanghai Pudong Airport, Shanghai Hongqiao Airport, the Three Gorges Project, Gansu Satellite Launching Center, South-to-North Water Diversion Project, West-to-East Natural Gas Transmission Project, China National Petroleum Corp. and SINOPEC etc. The products receive unanimous appraisal from the customers for excellent quality and perfect after-sales service. Renle will continually develop energy saving, high efficient, precise and humanized products, as well as help customers realize economic transformation and industrial upgrading with unique industrial control technology, advanced and applicable innovation products and profoundly integrated solution. In addition, Renle will speed up its pace of internationalization, satisfy the customers with quality and try to become a world renowned professional supplier of smart electric equipment!</p>	<p>Address: NO. 89 Ningbo Road, Shanghai</p> <p>Tel: +86-021-63290933</p> <p>Fax: +86-021-63298267</p> <p>Email: info@mostacw.com</p> <p>Website: www.mostacw.com</p>
4	Electrocommunication	Shanghai Huijue Network Communication Equipment Co.,Ltd	<p>Shanghai Huijue Network Communication Equipment Co.,Ltd(HJ Network) is the leading supplier, manufacturer and solution provider for telecom and communication products as below:</p> <ol style="list-style-type: none"> 1. FTTX Products (ODN) 2. Optical Fiber Components 3. Outdoor Cabinets and Solution 4. Data Center Cabinets and Solution 5. Wireless Solution(Base Station Antennas, Smart City Solution) <p>HJ Network was established in 2001, with Group Headquarter in Shanghai of China, covers area more than 10000 square meters. And our mass production factory locates in Jiangsu province, covers the area more than 50000 square meters.</p> <p>Our products are widely used in the industries of Telecom, Data center, Power, Electricity, New Energy and so on, with good logo reputation in China and foreign market. We are leading supplier to telecom operators, China Mobile, China Telecom and China Unicom, also supply to vendors China Tower, Huawei, ZTE, and Tecent and Alibaba for Data Center. Our products also sell to worldwide, such as USA, Europe, Middle East, Southeast Asia, Australia, and so on.</p> <p><i>We can make customized product, and serve you with high quality, we have strict quality control system</i></p>	<p>Address: Room 1201, NO.1, Lane 66, Huayuan Road, Shanghai</p> <p>Tel: +86-021-61435796</p> <p>Fax: +86-021- 61435792</p> <p>Email: saiyiint@163.com</p>

5	Electrocommunication	Shanghai MRDcom Co., Ltd	MRDcom is located in Zhangjiang Hi-Tech Park, Shanghai. MRDcom is a high-tech enterprise committed to the development of industrial products and industrial solutions. The products and systems solutions of its internationally renowned brand MRD Meridian are widely used in different industries, such as Industrial Control, Road, Bridge and Tunnel, MRDcom owns the most advanced multi-core real-time platform and has registered many patents such as MRDRing+, MRDRing. MRDcom also introduces many advanced technologies such as MPLS and IEEE 1588 into industrial products and solutions which make the products and solutions of MRD Meridian with extremely high market competitiveness and make MRD Meridian the First-Brand of IIoT in China	Address: Room 305, 1# BUILDING, NO.1328, Hengnan Road, Shanghai Tel: +86-021-22817788 Fax: +86-021- 51687788 Email: ouhon@ouhon.com Website: www.ouhon.com
6	Electrocommunication	SHANGHAI BAUD DATA COMMUNICATION CO., LTD	Shanghai Baud Data Communication Co., Ltd (BDCOM), founded in 1994, is now one of China's leading suppliers of networking and communication solutions. BDCOM invented all by itself the first X.25 NIC and the first commercialized router in China. Since then BDCOM has been in the vanguard of networking and communication technologies. Up to now, BDCOM's switches, EPON products, routers and network security devices have been widely applied in many areas like the banking system, education system, government and even the defense system in China, which stimulate their leapfrog development in an era of information technology. In order to bring customers better service, BDCOM sets up South, North and Northwest China Service Centers and service branches in 32 big cities across China, forming a sound service network with nationwide coverage and quick response. BDCOM is gradually evolving into an international corporation. Its products are well sold in key countries in Asia, Europe, America and Australia and a batch of foreign offices are founded accordingly to provide high-quality products and good service directly.	Address: NO.5151-19, Shenjiang South Road, Pudong New Dist, Shanghai 201314, China Tel: +86-021-68150132 Fax: +86-021- 68150132 Email: sh_weijie@yeah.net Website: www.sh-weijie.com
7	Mechanical	Gw Electric (Shanghai) Co., Ltd.	GW Electric (SHANGHAI) Co., Ltd. is a leading motor manufactory established in 1952, formerly known as SMM, JLM and Shanghai Regal-Beloit & Jinling Co., Ltd. (A joint-venture with Regal-Beloit since 2002). The JV has manufactured motors for LEESON, MARATHON and LINCOLN. In 2014, the company became part of the GW Industrial Group Co., Ltd. Our scope of business is designing, manufacturing and selling DC motors, fractional horsepower AC motors including single phase and three phase motors with NEMA and IEC standards. We provide after-sales and technical consulting services for our customers. Our company owns a UL and CSA approved laboratory with certification facilities for testing.	Address: room 1506, building B, no.3737, hongxin road, jing 'an district, Shanghai http://www.jghb360.com Tel: +86 021-33876200 Fax: +86 021-33876201 E-mail: 603570725@qq.com
8	Mechanical	Shanghai Baiyuda Industry Co., Ltd.	Shanghai Baiyuda Industry Co., Ltd. is an excellent and professional foreign trade company, which is registered in Pudong District, Shanghai. Our company is engaged in the main business of importing and exporting mechanical and electrical equipment and parts. And the company is establishing trade deals together with a dozen countries, especially a close trade relationship with Eastern Europe and the commonwealth of independent states. And the current businesses are involving in the proprietary trading in the fields of automobile, engineering machinery, mining machinery, castings and forgings, slurry pumps, textile, etc. The principal-agent for import and export, the border trade and the Free Trade Zone business, and so on.	Address: block D, 19 / f, 18 caoxi north road, Shanghai Tel: +86 21 6427 7375 fax : (86 21)6468 6809 E-mail:alan.xu@china-xinhua.com
9	Mechanical	Shanghai Delta International Trading Co., Ltd.	Shanghai Delta International Trading Co., Ltd. is one of major companies exporting fasteners from China. Founded in 1995 with ISO 9001:2008 certified. Exported to more than 60 countries including USA, Germany, UK, France, Japan, etc. We supply most of bolts, nuts and washers, as DIN, ISO, UK, IFI, ANSI, etc. With material of carbon steel, stainless steel, brass, copper and aluminum.	Address: Room 1513, No.59 Nanchang Road, Shanghai Tel: +86-021-63844621 Fax: +86-021-53510848 Email: iwayne@126.com
10	Mechanical	Shanghai Golden Future Industrial Co., Ltd.	Shanghai Golden Future Industrial Co., Ltd. is a professional foreign trade import and export trade company, to carry out domestic and foreign trade, Sino foreign joint ventures, cooperative production, entrepot trade and other forms of business. Mainly engaged in commercial air conditioning equipment, central air conditioning terminal products, as well as concrete truck mixer, concrete batching building, concrete machinery parts, etc. Another agent of the import and export of other commercial products.	Address:8F, No.127, Guotong Road, Shanghai Tel: +86-021-50801198 Fax: +86-021- 50801198 Email: tangogawa@163.com Website: www.soochen.com
11	Mechanical	Shanghai Meken Testing Instruments Co., Ltd.	Shanghai Meken is a high-tech company specialized in testing instrument development, design, and integration. We provide our customers with high-end integrated testing system. Our sales team is staffed with excellent talents with hands-on and rich experiences in testing instrument industry. Our main product line consists of computer-controlled electro-hydraulic servo fatigue testing system, stress and corrosion testing system, computer-controlled electro-magnetic high frequency fatigue system, electronic universal testing system, impact testing system, electronic twist testing system, etc. Meken also provides wide range of middle and high end customized system according to different requirements from different customers. Our testing systems are widely applied in various industries such as auto, aviation, metal industry, plastic, rubber, chemistry, building material and biomedicine, etc. Meken always respects our customer's satisfaction. Our mission is to be the best partner of our customer with innovated idea, advanced technology and professional service.	Address: NO.1082, Jiaxin Road, Jiading District, Shanghai Tel: +86-21-59156377、59156277、59156278 Mob: +86-15216669995 Fax: +86-21-59156399 QQ: 1587889833

12	Mechanical	Shanghai Weijie Clothing Machinery Co., Ltd.	<p>Shanghai Weijie Clothing Machinery Co., Ltd. is a professional manufactory located in Shanghai city China, specialized in manufacturing and exporting garment pressing equipment and other clothing machine, we engaged in this industry and have been a world leader in garment finishing equipment technology for over 25 years. Our products range covered high-end iron suit production lines series, shirts ironed line series, preshrinking fabrics series, fusing press machine, needle detector machine ect. We are strong in technology force and production strength, as a garment finishing equipment solutions supplier, we always keep developing garment finishing equipment as our primary goal, has been committed to the garment finishing equipments research and innovation of technology, leading the Chinese apparel industry continues to develop and breakthrough, through a wide range of customers to provide professional and comprehensive products, services and solutions.</p>	<p>Address: No. 1010 Taihe road, Baoshan district, Shanghai, China. TEL: +86-021-33872553 fax: +86-021-56666685 E-mail:xyw@csnta.org</p>
13	Mechanical	Shanghai Vostosun Industrial Co., Ltd.	<p>Shanghai Vostosun Industrial Co., Ltd. has over 10 years experience of overseas centralized procurement and supply and customer service in construction, roads, mines and other engineering equipment, making consortiuming with the domestic high-quality business strategic investment cooperative partner, already established mature international marketing and after-sale service network system for worldwide various regions, having brance in Russia, Kazakhstan, United Arab Emirates and other places, having various equipment show and accessories warehouse in various places , our services across Eastern Europe, Central Asia, Africa, South America, Middle East, Southeast Asia and others which are more than 30 countries and regions.</p> <p>A professional consulting team proficient in Chinese, English, Russian, Spanish and Portuguese etc.; Committing to providing a variety of industrial and engineering equipment for the supply chain system for engineering projects all over the world; Professional consulting service system of equipment optimizing configuration; Suppliers /manufacturers networking resources with reasonable price and reliable quality; Fast, in-time delivery, transportation, custom clearance etologic management system; On-site installation, training, technical support and spare parts supply management; Flexible and various international settlement system and international financing channels.</p> <p>We pursue "integrity, expertise, efficiency, service, gratitude and achieve" as our core philosophy and committed to be a leading one-stop equipment procurement and overall solution service expertise in building, road, mining industrial.</p>	<p>Address: room 709, C building, tongji union square, 1388 siping road, Shanghai Website: http://www.yamio.cn Tel: +86 21 65683859, +86 13801986876 Fax: +86 21 65664453 E-mail: lindawei@yamio.cn</p>
14	Mechanical	Shanghai Hanliang Biotechnology Co., Ltd.	<p>Shanghai hanliang biotechnology co., LTD. (hereinafter referred to as Shanghai hanliang) on January 8, was founded in 2016, registered capital of 5 million yuan, management professional in the field of biological science and technology, computer technology development, technology consulting, technology services, technology transfer, medical apparatus and instruments, computer hardware and software sales and maintenance, office supplies, cleaning supplies, daily provisions, home appliance, mechanical and electrical products, instruments, building materials sales, cleaning services, virescence maintenance, family services. Is a high starting point, high standard, high quality medical equipment and service sales enterprises. Shanghai hanliang, based on the principle of people-oriented and customer-oriented, serves customers and provides customers with a comprehensive and comprehensive solution. Shanghai hanliang has a good foothold on the economic capital of Shanghai, relying on geographical advantages such as resource integration, talents, information, annual growth rate of more than 30% for the company since its inception, with annual sales of 1 million yuan, the sales of products is more than 60, Shanghai hanliang had him adhering to the "unyielding and amiable atmosphere, people-oriented, customers first, corporate culture, in the increasingly fierce market competition out of a standardized development road, to become a regional inside and outside the first among the peers.</p>	<p>Address: Room 309, building 8, no. 6, lane 58, hexuan road, jiating district, Shanghai Tel: 86-021-60296060 E-mail: emperorsun@126.com</p>
15	Mechanical	Shanghai Jiuyuankang Medical Equipment Co. Ltd	<p>Shanghai jiuyuankang medical medical instrument co., LTD. (hereinafter referred to as the source of Shanghai jiuyuankang) was established in November 23, 2012, the registered capital of 2 million yuan, sales III, II medical apparatus and instruments, computer hardware and software, office supplies, cleaning supplies, household appliances, mechanical and electrical products, electronic products, instruments and meters and department store sales; Cleaning service, conference services; Technical development, technical consultation, technology transfer and technical service in medical device and computer field. Is a high starting point, high standard, high quality medical equipment and service sales enterprises. Shanghai jiuyuankang is a people-oriented and customer-oriented tenet to serve customers and provide customers with a comprehensive and comprehensive solution.</p> <p>Shanghai jiuyuankang, rooted in the Chinese economy capital of Shanghai, relying on geographical advantages such as resource integration, talents, information, annual growth rate of more than 30% for the company since its inception, with annual sales of 10 million yuan, the sales of products is more than 60, Shanghai jiuyuankang will be adhering to the "unyielding and amiable atmosphere, people-oriented, customers first, corporate culture, in the increasingly fierce market competition out of a standardized development road, become one of the best areas inside and outside the peer.</p>	<p>Address: no. C528, 668 east Beijing road, huangpu district, Shanghai Phone: 021-53081661 fax: 021-53081991 website: www.sh-jingying.com</p>

16	Mechanical	Shanghai Eminent Off-Shore Engineering Co., Ltd	<p>Eminent Off-shore Engineering Co., Ltd. is located in Jinshan District, South of the downtown of Shanghai city, adjacent to the north of famous Bridge of Hangzhou sea-bay. The advantaged geography location and convenient traffic condition is benefit for its development. Eminent registered capital is 50 million, be with AAA bank credit standing and got the ISO9001 QC certificate approved by CCS in 2004. It was awarded as keeping faith by government office of business administration and last out four years to be award as high-tech enterprise by Shanghai government. It covers an area of 199, 800 square meters, including more than 10, 000 square meter workshop .It has excellent processing and testing equipments, perfect testing methods and more than 200 processing and welding equipments. It employs over 100 staffs, including 30 engineering designers and 10 advanced skilled workers. To important type of work in production (eg. Inspection, electrician, welder, lathman, safety supervisor and painter), all workers shall be with certificate on mount guard. Led by the Board of Directors, focus on high-start investment and getting ahead long run plan, the company sets up a modern management team with advanced science idea, high skills, and good ability in trade. All this makes the company enjoys superb management and technical advantages, and gradually forms its own culture</p> <p>In many years, the company has kept a close eye on the new process technologies in international harbors and petrochemical areas, absorbing advanced technologies of the same products at home and abroad, positively cooperates with related science research institutes and universities. The technical development staff design and develop products with CAD, PDM and FEA. So the company keep the modern concept on design and management. We had own's enterprise standard for Quick Release Hook and Gangway Tower approved by local quality controlling office/the number of approved is Q/TMX141-</p>	<p>Address: no. 333, fengcun road, fengxian district, Shanghai Website: www.hj-network.com Tel: +86 21 57471000 Fax: +86 21 3747000 Email address: robert@hj-net.com</p>
17	Mechanical	Shanghai Joygoal Food Machinery Co., Ltd.	<p>Shanghai Joygoal Food Machinery Co., Ltd. is a company devote to the field of food machinery. It is a comprehensive enterprise which integrates research, development, manufacture, installation and maintenance. We have advanced equipments, rich experience, high-qualified scientific researchers and professional staff for the after-sales services.</p>	<p>Address: 3B, building 2, lane 1328, yan'an west road, changning district, Shanghai Website: http://www.artgift.cn Tel: +86 021-52587758 Fax: +86 021-52580557 E-mail: 690282492@qq.com</p>
18	Mechanical /Transportation	Shanghai Origin Vehicle Service Group Corp.,Ltd	<p>Shanghai Origin Vehicle Service Group Co., Ltd. is an automotive import and export trade and automobile retail technology innovation enterprise.</p> <p>The company has branches in the main automobile ports in China, and operates the main bonded warehouses in various automobile ports. It is an important partner for the high level vehicles entering the Chinese market.</p> <p>At the same time, the company has the overseas business authorization of a leading technology electric vehicles factory, we are managing to develop overseas markets for this Chinese innovative, new energy and new technology company.</p> <p>At the same time, the company has invested in R & D of commercial APP in the field of domestic automobile retail, and set off a new mode of domestic and high-end import vehicle retail innovation.</p> <p>The company's main new energy pure electric vehicle production base is located in Shandong province of China, the factory attaches great importance to the research and development of advanced scientific research and technology. All production lines have reached the top standard in the world, and have become the fastest developing new energy automobile production enterprises in the industry.</p>	<p>Address: municipal district of Shanghai nanhui zhoupu town built house road 8 B TEL: + 86 021 68189582 Fax: + 86 021 68189582 web site: http://m.2487343.mmfj.com/ Email: qiandou07@Alisyn.com.</p>
19	Technology	Five Technology (Shanghai) Co., Ltd	<p>Five Technology (Shanghai) Co., Ltd. is located in the big city of China, the demon Shanghai, China (Shanghai) free trade test area, 2 Li Shizhen Road, one floor 2107-2108, registered in the market supervision and Management Bureau of the free trade area on 04 month 2017, with the registered capital of 5 million RMB and 1 in the company's development. In the year, we have always provided our customers with good products and technical support and good after-sales service. Our company mainly deals with technology development, technology service, technical consulting, technology transfer in the field of information technology, new energy technology, electronic technology, contract energy management, enterprise management consulting, machinery and electronic products. The sales of instruments, communication equipment, air conditioning equipment, refrigeration equipment, security equipment, computer software and hardware and auxiliary equipment are engaged in the import and export business of goods and technology. We must have approved projects and carry out business activities after approval by the relevant departments. We have good products and</p>	<p>Address: room 2709, material&trade building, no. 2550 north zhongshan road, putuo district, Shanghai http://www.haliang.com Tel: +86 021-62578549 Fax: +86 021-62854021 E-mail: 603570725@qq.com</p>
20	Technology	Oelincom Technologies Inc.	<p>Oelincom Technologies Inc. specializes in the fields of astronomy, aerospace, aerospace, high energy laser, optical semiconductors, national defense, security and scientific research, providing high quality optical materials, photoelectric detection devices, optoelectronic custom products, advanced optoelectronic manufacturing and testing equipment, Related technology transfer, and international technical cooperation and other services. The company is committed to tracking the world's advanced technology, focused on continuing to provide the world's leading products and technology solutions. In the process of development has been the United States Corning company, France SAFRAN Group, the United States Materion (Advanced Williams Material, CERAC), the Belgian space sun center, Germany AIM company in China's special optical materials and equipment in the field of the only authorized or exclusive agent qualifications.</p>	<p>Address: room 35, no. 3150, east China sea, caojing town, jinshan district, Shanghai Tel: +86 13002197180 Fax: +86 021-68940271 E-mail: 695524973@qq.com</p>

21	Technology	Shanghai Huaxiang Computer Communication Engineering Co.,Ltd	<p>Founded in 1993 in Shanghai, China, Shanghai Huaxiang Computer Communication Engineering Co., Ltd. (SHX) is one high-tech enterprise proficient in designing, manufacturing, marketing and selling RF & microwave components for satellite and ground communications, cell telephone testing, radar, microwave communication, science research, broadcast & television area etc. The main products including coaxial fixed attenuators/terminations, variable & step attenuators, programmable attenuators, microwave test subsystems, mismatch terminations, phase shifters, directional couplers, coaxial switches, power meters, coaxial detectors, bias tee, power providers/combiners, circulators/isolators, high power resistors, test accessories</p> <p>SHX's mission is:</p> <ol style="list-style-type: none"> 1、 Contribute to country with essential national concept. 2、 Always do our best to satisfy our Customer. 3、 Train people and make most fortune to promote society civilization. <p>Company based in Shanghai Xuhui District Caohejing hi-tech Development Zone. 22	Technology	Shanghai Lc-Biotech Co., Ltd.	<p>Shanghai LC-biotech Co. Ltd., located in shanghai pudong zhangjiang high-tech park. The company is committed to the development and application of technology and equipments for high quality seedling production. The core products include the photoautotrophic micropropagation technology and equipments, plant factory with artificial light technology and equipments, in the service of rare medicinal herbs and economic plants, ornamental plants, vegetables, seedlings and nursery field.</p> <p>The company has a special research and development team, chief expert has thirty year experience in the plant tissue culture, the core r&d team engaged in photoautotrophic micropropagation and plant factory technical development work over 10 years. The proportion of staff with postgraduate degree (doctor's degree, master's degree) exceeds 60%. After years of</p> <p>research accumulation, the company has series of products and core technology with independent intellectual property rights " photoautotrophic micropropagation system" and "plant factory system". The plants produced by the systems showed strong reproductive and quality advantages in commercial productions. Since the company's products were introduced to the market, it has attracted the attention of domestic and foreign universities, research institutes and production enterprises, and its high-quality products and technical services have been well received by customers all over the world.</p> <p>In the future, the company will to promote transplant production technical innovation as the mission, with excellent product technology providers as own duty, insist on innovation, sincere dedication, to provide customers with high quality services.</p>	<p>Address: no. 123, juli road, zhangjiang hi-tech co., pudong new area, Shanghai Website: www.bdcom.com.cn Tel: 86-21-86 Fax: + 86-21-50801453 Email : liyao_guoji@bdcom.com.cn</p>
23	Technology	Shanghai Tulip Information Technology Co.,Ltd.	<p>Founded in 2004, Shanghai Tulip Information Technology Co., Ltd. is a high-tech company with computer network system services as core business. Guided by the philosophy of meeting customer demand, Tulip is committed to providing customers with comprehensive system solutions excellent professional services. With the swift development of information technology, product upgrade as well as increasingly higher application demand, products are no longer the only concern of customers. In view of this, Shanghai Tulip Information Technology Co., Ltd. has taken the lead to the forward-looking 2S+1 concept: security solutions, security services, being controllable. Meanwhile, we choose suppliers according to specific customer demamply unique approaches for fast growth. After decades of development, we have become a partner of a lot of well-known international companies in China. Thanks to IT manufacturers' constant support, we can provide customers with affordable prices, quality products first-rate technical services. Shanghai Tulip Information Technology Co., Ltd. boasts of highly-educated workers engineers with professional certificates. Our team members have cohesion, rich management implementation experience, strong sense of responsibility awareness of enduring innovation. Tulip is specialized in establishing core business systems comprehensive application platforms, with the mission of becoming a pioneer service provider to help companies business partners to brave the information age.</p>	<p>Address: no. 123, juli road, zhangjiang hi-tech co., pudong new area, Shanghai Website: www.bdcom.com.cn Tel: 86-21-86 Fax: + 86-21-50801453 Email : liyao_guoji@bdcom.com.cn</p>

24	Technology	Shanghai Siic Zhentai Chemical Co., Ltd	<p>Shanghai SIIC Zhentai Chemical Co., Ltd. is a joint venture, which is established by Shanghai Zongwei Science & Technology Development Co., Ltd., Shanghai SIIC International Co., Ltd. and Fengxian Industry General Corp. The existing asset is RMB 136 million, with 200 employees. The annual output value reaches RMB 200 million. Adhere to market demand as the guide, scientific and technological innovation as a means, colleges and universities as the technical backing, the company has independent intellectual property rights and engages in scientific research, production, sales and services of the professional magnesium series. With an annual capacity of over 20000 tons and a related raw material base of over 30000 tons capacity, the company becomes one of Chinese biggest modern enterprise in manufacturing special magnesium oxide series.</p> <p>The main products are silicone steel grade magnesium oxide and its additives (antimony, boron, titanium, etc.), environmental - friendly non - oriented silicon steel coating material, electrical grade magnesium oxide, heating cable grade magnesium oxide, industrial magnesium oxide series and magnesium hydroxide series, and nano magnesium oxide, etc. With the advanced technology, stable product quality and excellent service, the company always occupies the first place in domestic industry and sales volume continuously stays NO.1 among the world. The silicone steel grade magnesium oxide product has been awarded the first prize by State Education Committee and the first prize of Shanghai Production, Teaching and Research Combination Project. The products have been rated as Shanghai Famous Brand Product, Shanghai Famous Trademarks, Shanghai Outstanding New Material Product, Shanghai Patented New Product, China Chemical Industrial Outstanding Brand, etc.</p> <p>Shanghai SIIC Zhentai Chemical Co., Ltd. fully implements ISO9001:2008 Quality Management, ISO14001:2004 Environmental Management, OHSAS18001:2007 Occupational Health and Safety Management. The company was continuously recognized as Shanghai Hi-Tech Enterprise, Shanghai Foreign-founded Advanced Technology Enterprise., Shanghai "Dedicated", "Pure", "Characteristic", "New" Enterprises, and won State Model Unit in Building Sprit Civilization, State Stand-to-contract Credit Enterprise, State Model Family for Employees and Shanghai Civilization Unit.</p>	<p>Address: Room A-420H, No.188, Ye Sheng Road, China(Shanghai) Pilot Free Trade Zone Website : www.origin-sh.com Tel : +86 021-63096010 Fax : +86 021-63092765 E-mail:dodochenje@hotmail.com</p>
25	Technology	Shanghai crystal Crown Environmental Protection Technology Co.Ltd.	<p>Shanghai Jing Guan Environmental Protection Technology Co., Ltd. was founded in May 2010, the company is the enterprise with R & D, production and sales, the company is mainly engaged in "0" consumptive material and "0" pollution supplies air purification products research and development, production and sales. Indoor "0" air pollution provider. The main products are high energy plasma + platinum catalyst main air purifier, air purification, air purification air conditioning air system, the main platinum catalyst air purifying respirator, "0" pollution supplies air purifier, is the trial production of the "0" and "0" consumptive material supplies of clean air conditioning , "0" consumptive material supplies clean fresh air system. These "0" consumptive material supplies purification products, has a unique competitive advantage in the market: the "0" consumptive material supplies,1, no filter layer, no activated carbon, permanently without replacing the "filter".2, Purification effect permanent stability, and never decay. 3 , Purify Comprehensive and thorough . It can remove all the pollutants in the indoor air and purify the pollutants to 0. 4 permanent without washable (except for the repeated use of primary filter net). 5 the indoor pollutants thoroughly decomposed into harmless or beneficial substances, no two pollution, rather than the market generally in the sale of air purification products is a pollutant transfer, there will be two pollution, will cause misunderstanding and bring harm to consumers. These high energy plasma technology independent, effective decomposition is in the air of PM2.5 particles, bacteria and viruses, formaldehyde, toluene, TVOC and other toxic and harmful organic compounds, Jing Guan products loyal to customers, loyal to consumers, provide convenience for consumers, Jing Guan brand air purifier to save money, Labor saving, Save worry, let consumers really get benefits.</p>	<p>Address: 28 / f, aerospace building, 525 north sichuan road, Shanghai Website: www.origin-sh.com Tel: +86 021 63096010 Fax: + 86-021-63096982 * 8038 Email address: zhangzp@origin-sh.com</p>
26	Technology	Shanghai Soochen Technology Co., Ltd.	<p>Shanghai Soochen Technology Co., Ltd. registered capital of 5 million, is a focus on car networking, networking applications with lights, leasing application solutions, innovative high-tech enterprise integrating design, development, production and sales. The company management team with management experience 20 years, for the company bigger and stronger into continuous power; sales team from the domestic well-known car company, has 8 years of networking, car networking related industry experience, participated in the domestic large-scale government projects, in the short term to market.</p>	<p>Address:Floor 3 Building 1 No.45 Jiangchangyi Road, Jinan District, Shanghai www.nuoyiman.com Tel: +8613773182888 E-mail:nuoyiman@nuoyiman.com</p>

27	Technology	Shanghai Non-Ferrous Metal Measurement And Inspection Station	<p>Shanghai non-ferrous metal measurement and inspection station was established in 1986 and belongs to shanghai non-ferrous metal trade association. We have passed the certification of measurement calibration laboratory of Shanghai municipal bureau of quality and technical supervision and obtained the laboratory accreditation certificate of China national accreditation Committee for conformity assessment.</p> <p>Shanghai non-ferrous metal measurement and inspection station has established a strategic partnership with Shanghai Institute of Measurement and Testing Technology (SIMT), and has also established a cooperative relationship with other calibration units with the same qualifications, so that this station has a package of service conditions for strong inspection, calibration, testing and maintenance of enterprise measurement equipment. And can contact the compulsory verification organization for compulsory verification on behalf of measuring instruments that belong to compulsory verification.</p> <p>Business scope: verification and calibration of measuring instruments; Installation, testing, service and processing of low-voltage electrical equipment; Sales of metal materials, metal materials, building materials, wires and cables, measuring instruments, measuring equipment, department stores, textiles, chemical raw materials, and decoration materials; Maintenance, installation and commissioning of measuring instruments; import and export of goods and technology.</p>	<p>Address: Room 330.NO.81.Lishui Road.Huangpu District.Shanghai Tel: +86 021-60934290 Email: 526313091@qq.com</p>
28	Technology	Shanghai Jingying Industrial Co. Ltd.	<p>Shanghai Jingying Industrial Co. Ltd. is located in Beijing East Road, Huangpu District, Shanghai. The company produces and operates: research and development of smart electronics products, smart products, energy-saving products, instrumentation, monitoring and safety products(except special controls), fire protection products, power supply products, sensors, LED products, relays, connectors, switches, solder materials, Metal materials and raw materials(except specialized controls), electronic components, mechanical and electrical machinery and equipment and products, rubber raw materials, hardware transportation and power, a class of medical equipment, household appliances, wires and cables, communication equipment, Sales of building decoration materials, chemical raw materials and products(except dangerous goods), computer accessories, hydraulic products and accessories, auto accessories, daily department stores, clothing shoes and caps, textiles, handicrafts(except cultural relics), exhibition conference services, business consulting.</p> <p>Purpose of the company: quality based! Excellent innovation! Company philosophy: Honesty and honesty, enterprise supremacy.</p>	<p>Address:RM901, FLOOR 9, NO.10, LANE 198,XIN JIAN EAST RD ,SHANGHAI CHINA TEL:86-21-62363178 E-mail:cherry@bestresources.cn Website:http://www.bestresources.cn</p>
